3. Select from map
5. Choose species and number of trees
6. Click the + icon to add a row
7. See details of trees previously added with Street View

Add Trees

Choose the location and species of your trees:

I want to add each tree's location to the map.
 I want to add all trees at one general location.

Step 1. Select Your Location

My Address
 My Location (GPS)
 Select From Map

Location is not set

Step 2. What kind of trees are you adding?

Kind of Trees	Number of Trees
American Elm	3
Red Maple	3
Total:	6

Submit

Tree ID 846

Tree	
Common Name	River Birch
Date Planted	
Project Name	
Notes	
Added By	ihanou

Details **Street View**

Update My Activities

Select Trees From the Map to Update

Use this tool to add activities (watering, mulching, pruning). You have two choices: Use this form to update multiple trees at once or hover over a tree and update one.

Select All

American Sycamore

American Sycamore

American Sycamore

River Birch

Continue

Updating Your Trees

Log the activities you've done for your trees in one of two ways.

- Hover over a tree and select the activity you did for that tree.
- To update multiple trees at once, select the trees you performed your activities on by clicking each tree or selecting the tree in the list of trees you have added below. Then click "Continue".

Update My Activities

You are updating 2 trees.

Tell us what you did

Mulch

Prune

Stake

Water

Update Your Activities

Select the activities you performed for your selected trees. Next, select when you did it.

and when you did it

STEP 3 - My Activities

- Choose existing trees and update new activities
- Click on each tree to edit, click continue
- Submit new activities

View My Activities

Here is all the work you've done:

You have added 4 trees. You have performed 25 activities. You have updated your trees 13 times.

<input type="checkbox"/>	Date	Activity	Tree ID	Tree Species
<input type="checkbox"/>	03/02/2017	Water	848	American Sycamore
<input type="checkbox"/>	02/20/2017	Water	848	American Sycamore
<input type="checkbox"/>	02/20/2017	Mulch	846	River Birch
<input type="checkbox"/>	02/15/2017	Prune	849	American Sycamore
<input type="checkbox"/>	02/15/2017	Mulch	849	American Sycamore
<input type="checkbox"/>	02/15/2017	Mulch	846	River Birch
<input type="checkbox"/>	02/15/2017	Prune	847	American Sycamore
<input type="checkbox"/>	02/15/2017	Prune	848	American Sycamore

View your Activities

- Click on crosshairs to zoom to that tree
- To remove an activity, check box next to desired activity and click "Delete Checked."
- Click  to export.
